SHOW UP ROGERS' POLITICAL TACTICS

Force Borden and Followers in a Hole on Combine Question.

Ottawa, Jan. 19.—Believers expose by H. E. Oliver, W. A. Buchanan and E. Knowles of the methods of Rogers, son of the steel magnate, in the settlement of the Alberta coal strike which the minister was unable to answer and a demand by the same members that the Government put an end to combine in Canada were demanded.

The exposures were very keen for the full details of the settlement of the strike, which H. E. Oliver insisted that the terms of the dispute were not known.

He exposed Rogers' treachery, pointing out that Rogers' pronouncement of the termination of the strike caused much suffering, as the people, believing the news waited for the local superiors to call off the strike. He exposed Rogers' treachery, pointing out that Rogers' pronouncement of the termination of the strike caused much suffering, as the people, believing the news waited for the local superiors to call off the strike.

The Government offered no defense and could tell Knowles nothing about the alleged Western lumber monopoly.

Oliver, Buchanan and Buchanan all made strong speeches, denouncing the combines. Their concern the government for information on its policy. It was a great day for Western Liberals.

The House of Commons spent practically the entire day in debate, it often the case, the discussions which arose on the various items were more interesting than many a set debate.

On the labor department, estimates debates occurred on the anti-combines legislation, including the coal strike, including the great Western coal strike, which was terminated in December ago. In the committee on Public Accounts, Liberal member for Medicine Hat, suggested the appointment of a permanent board of arbitration, with arbitration and a discontinuance of the present system for a separate board for each labor dispute.

Debtors' Opponents.
Hon. T. W. Crothers said he had no definite opinion to suggest in regard to the debtors' bill, but admitted that there would be no government amendment to the cancellation and invalidation of the bill.

On the item to provide for the administration of the anti-combines legislation, Mr. Oliver said that Western members for an inquiry into the conduct of the strike.

Oliver, who spoke, including Hon. Robert Rogers, minister of the Interior, agreed as to the necessity for the bill. At the close of the evening session there was a recurrence of the discussion of the claimants of Hon. F. G. Monk that debts were due him and not his headway was made until late in the evening.

Will Accept Their Word.

In the afternoon, Hon. Monk, the minister who would accept the word of a Conservative member or a deputation of the members of the service. It is an inquiry, he found he had been misinformed, that the claim was denied and reinstated.

Little Boy Meets Death.

Fort William, Ont., Jan. 19.—The home of John Bird at Hartstone's siding, mile post 22 on the P.A.D. railway, was the scene of a tragedy this morning. The house was destroyed by fire and the only child, Edmund, a boy of five, being burned to death.

John Bird, the father, was employed in the woods for the winter and as he had no place to sleep he slept in the woods without doing the chores. About nine, Mrs. Bird went to the barn to feed the horses and found her husband in the house. He had a habit of getting paper at the stove and it is presumed that he was reading when the fire and becoming frightened went upstairs and crawled into bed. After the fire had started he got up and ran out in the cold morning and clothes.

CARTHEGE BELIEVE HOW HE FOUGLED JOHN D. RICKFELLER—Anxious Carnegie, the great steel magnate, had Chairman of the Steel Investigating Commission, as they walked down Pennsylvania Avenue, Washington, D.C. They were thus snapshoted after the famous meeting when Carnegie told, with great glee, how he acquired vast oil rights. He said, "I did my best good to get ahead of Rockefeller."

AFTER LEGAL FIGHT MRS. SNEED RELEASED

Lester White, Leader of the Branch of the Anti-Slavery Society of America, says she is "Morally Innocent"—Will Committee a Suit for Divorce.

Fort Worth, Tex., Jan. 19.—Marted to the affection of young Albert G. Sned, torn by passion of love and desire to be with his beloved, he left his life and placed himself in the shadow of the nose, and exhibited a tendril between two wealthy families, Mrs. Lena G. Sned, today fought for her liberty and won.

Sned, a banker, charged with the murder of A. G. Sned, Sr., on January 13, father of the man with whom she eloped to Canada, will fight for his own freedom tomorrow.

Sned was brought from Arkansas to stand trial for will of habeas corpus, declaring she was detained without cause. She had been held without trial for three weeks.

The Parks and Arabs were under cover in the lobby of the courthouse, but they returned later with a gun, then returned and succeeded in turning the Italian commander.

The Italian commander succeeded in rallying his forces and after several hours of fighting the Turks finally returned to Desar.

Explaining Church Union.

Toronto, Jan. 19.—The Rev. Albert Morris, secretary of the Methodist general conference in Canada, said this morning that the Argyllshire Union among the Methodists had a majority of three-almost, who declared on a stand that she was "morally innocent" of the charge of adultery. The testimony, Mrs. Sned took the stand, she was dressed in the same simple clothing as when she was first seen in court last year, but today was not a costly costume, a simple coat was worn.

A costly costume was worn by Mrs. Sned in Judge Simmon's court room and the public was amazed. It was the newspaper men who were admiring.

The crowd which gathered in the court room, however, were looking away.

The Italian commander succeeded in rallying his forces and after several hours of fighting the Turks finally returned to Desar.

ITALIAN SHIPS SEIZE ANOTHER FRENCH SHIP

Montreal, Jan. 19.—It is the seizure of the French liner Manouba by Italian destroyers while that vessel was proceeding today from Marseilles to Tunis.

It is the second time in a week that the Italian ships have seized a French liner.

Mrs. Sned's brother and fiancée, Mr. G. L. Sned, who had been held for 10 days, where she will remain until the trial of her husband.

The premier, however, has announced that he will make a speech to the court concerning the trial.

He will be worth while to devote a few moments to, as he has a good deal to say.

ARTS EXAMINATION TODAY:

The students in the Arts class at the Royal Conservatory of Music will be tested today. The examinations continue until January 30. Around the college hall may be seen the various exhibits of the students. There should be more than a week of this terrible strain, but fear not, the students are worrying over premature wrinkles.

SATURDAY, JANUARY 20, 1912.

The Mail and Empire is explaining what it thinks an investigation into the failure of the Farmers' bank ought to show. The wherabouts of the investigation are not known, but the Nestor is not one of the points the Mail mentions as exciting its curiosity.

The Minister of Militia was saluted at Quebec with a discharge of fourteen guns. The Minister would do well to remember that in this country a little of that kind of thing goes a long way. The Empire says that he looks like the Kaiser, but he is not the Kaiser.

"Wanderer," the London correspondent of the Montreal Star, cable to his paper: "Last year England's commerce was as astounding as last year's harvest. The aggregate of exports and imports was £16,250,000,000, which beats 1910 by £100,000,000. The trade policy wovled in British genius like the navy, and by far the best part of the government of the civil affairs as naval command. The world is the standing marvel of the world and draws tribute from those who like 'Wanderer' and the Montreal Star would like to see other footprints than those of the Mother Land, both in commerce and defence."

The Vancouver Council of Women have passed a resolution, preventing against any relaxation in the immigration laws which would permit a general influx of Hitlerites. The older women are not by themselves representative persons and papers who are urging the removal of the barriers against the Hitlerites and fascists in the name of progress. The women in Vancouver are not unlike women elsewhere in their sensitivity to the rights of human beings and their resistance to anything that may be done to harass those more deserving of discriminatory treatment. But they are in the center of Canada where the Hitlerites have made temporary homes and where they wish to make their permanent homes, and are better situated than others to judge what the results would be were the laws relaxed to permit them to do so.

The Social Democrats have made substantial gains in the German elections. As this party is opposed to war, its added strength in the Reichstag may make for better feelings between Germany and Russia. In the other hand, it was the settled policy of Bismarck to stir up trouble with some foreign nation, so that domestic political leaders had war for cover. In the attempt of the public was drawn away from the criticism of the government and public service "awakened" by the policies of the ministry.

The supposed toe of the Patriarch, Bismarck's policy has not yet failed.

It will be seen that the

strength may make them more and less anxious to find an object upon which the nation's attention and to gain for themselves credit as stand for France and Germany's interests against an armed foe.

It is unfortunate that the principle was laid down a few years ago that the proceeds from the sale of the entire Dominion must be used for the payment of debts. This principle should be regarded as compensating the Dominion for the outlet on the Hudson Bay railway. Has this not been done? It is scarcely conceivable that the project could have gone in face of the manifest disapproval of the Ministers to doubt and discredit the practicability of the results of the vigorous campaign which it put up against the spending of money on the railway. Even now, though the western provinces are to have the Dominion treasury for the outlet, it is declared to be stealing public money to invest it in the construction of the road. The Ministers are for recovering the trust which has been lost, and the Government would have been more vigorous and would have had more semblance of reasonableness and the project would have had more chance of success of accomplishment. Is it, however, the Ministers may be to do otherwise, and however determined the western provinces are to have the outlet, the Government can hardly refuse to construct the road which the West is paying for.

MATERIALS MUNICIPAL

On this side of the river at least comparatively little attention has yet been given to the question of getting municipal supplies in the most economical manner. There is no question to this end as defined on our side of the river, EDMONTON. At the conclusion of the last election, the new council was elected to one end and were seated. An entirely new council must be elected in time, consisting of ten aldermen and six commissioners. Three at least of the commissioners are to be appointed, although on course no number up to the full number required might be chosen from beyond boundaries. The new commissioners will be chosen by the new council, and Greater Edmonton have passed successfully through a trying stage of its existence.

done the wrong way may lead to strife. To do this we shall require at council board not only men of capacity and of sincere purpose, but men as well as statesmen, as well as men who will not only know what to do, but how to do it to accomplish the end with the minimum of trouble. If we have such men as these on the first council, by the time that council has run its course the uses of the city will be about half as great as at present, and Greater Edmonton have passed successfully through a trying stage of its existence.

WEST THING IN LIVING MARCH INES.—Emerson Dentzler, "Archibertine," being a real working aeroplane built up like a monoplane with wings. The aviator-photographer sits outside and there are four seats inside for the passengers. It has already flown with four passengers from the residence of Monsieur Dentzler to the Opera House in Paris for an evening performance, landing on the Place d'Opera, among crowds of traffic without inconvenience.

FOR PROTECTION OF TRAVELLING PUBLIC

Liquor Licenses Department Has Suspended Several Hotel Licenses Because of Unsatisfactory Condition of Mental Men Not Allowed to Acquire or Renew Licenses on Licensed Premises.

During the past month, the licenses of several hotels in the Province of Alberta have been temporarily suspended. An official of the liquor department, when questioned about the matter, gave the information that some of the suspensions were on account of carelessness on the part of the proprietors in failing to keep refuse, straw, wrappings and other light and inflammable material to accumulate on their licensed premises, where on account of accident, either a result of accident or carelessness,

"It has not been the intention of the liquor department to work a hardship on the licensees, but in the interests of the travelling public, accommodated in the hotels of the province, prompt enforcement of the law will be made, particularly in the interest of public safety.

Cleanliness and cleanliness also prompt the removal of rubbish and refuse. The enforcement by the department of the law will be made in the interests of the licensee as well as the travelling public.

OPINIONS DIVIDED ON BRITISH COAL STRIKE

Several prominent Labor Leaders favor Conciliation and Avoidance of a Strike—South Wales Miners said to be Obstinate in Insistence Upon Increase of Minimum Wage.

NATIONAL STRIKE MAY BE AVOIDED.

Birmingham, Jan. 19.—The strike is adjourned until February 10. The miners of the G.T.P.C. propose to ask the government to impose a loan of fifteen million dollars to help conciliate the undertakings in the West Legation of which is within the boundaries of South Wales, and which will provide for the payment of twenty-five millions pounds of coal per week introduced in the course of a few days. If the miners accept the proposal and accept the request of the company it would have forty millions available for the next few months. The miners, however, are not prepared to do this, and the miners' leaders are asking the company to give the company and additional assistance.

ADDITIONAL MOTIONS

Eastern B. C. Associated Builders of Trade Want Duty on Lumber.

Nelson, B. C., Jan. 18.—Important resolutions, including one to demand that the Dominion government impose an import duty of two dollars per thousand feet of lumber, were adopted by the Nelson board, representing the Eastern B. C. Association of the Associated Boards of Trade of eastern British Columbia.

The motion urges the establishment of a lumber exchange in the city of Nelson, where timber is abundant.

Other resolutions presented by Nelson urge the establishment of a lumber exchange in the city of Vancouver, control of all parts of the lumber business, and a larger share of publicity and advertising for the lumbermen of the region.

The Nelson board voted that a reduction of the lumber tax would work harm on the province.

Nelson also urged that the proposed bill to prohibit the use of timber in building houses in the city of Nelson be withdrawn.

The convention adopted resolutions by Cleveland recommending to the Department of Labor that an engineer be appointed to inquire into the condition of the coal mines in the Cuyahoga valley and that a minimum wage of 25 cents per hour be imposed on all miners.

The convention also voted that steps be taken to ensure the public safety and that the Canadian national highway be improved.

Mr. Starkey was appointed a delegate to Ottawa to urge the boards to recommend to the government the adoption of a minimum wage.

Mr. Deakin, president of the South Wales coal commission board, says that the miners are already losing money.

The representatives of the 1,600 South Wales miners who have not yet voted to ballot on the question of whether they shall strike for eight

C.R.P.L. CONSTRUCTION IN 1911

London, Jan. 18.—Justice Kenny's decision in the famous Usher-Caulfield marriage case, has caused considerable discussion among Canadians in London, and it is felt that the court has created a precedent which will determine cases pending in Canada, because the same law applies here for under the Ne Tenebris de cunctis.

The decision rendered by Justice Kenny has already been copied in part. The following is taken from the Canadian Law Reports, Vol. 1, No. 3, 1910, which states that according to the common law of England and Ireland, the wife may renounce her right to the services of her husband, if she is a widow at a mature age, as determined by an "stereogram, was not necessarily a valid renunciation.

The decision rendered by Justice Kenny is as follows: "I am bound to say that the wife in England to prevent secret marriage, but this was done before in dramatic form in the Comedy of Errors. This, however, receives no recognition from the State. If there are marriages between 'children of the soil,' it is to be presumed that the wife, in order to obtain a divorce, stipulates of her husband, that they are to live jointly with him."

The Canadian Law Reports state that the Hindus in Canada do not seem to suffer from the cold. Alberta may have more than an academic or sympathetic interest in the question of Hindu immigration before very long.

NEWS AND VIEWS. Not yet have we heard the last of Mackay's "new" idea. The papers are right. Eastern papers are beginning to talk about the presumption of the Western papers that the new idea will not last. But it will. It is to be expected that the advertising scheme would work well enough until thereby nothing further publicly.

The present value of the bid may be very small, but it is a good start. The cost of advertising for any respectable club is bound to be high. The heat the heat will hold there it thereby cannot still further publicly.

AROUND THE CITY

LOCALS.

Mr. B. Hartman has returned to the city from California for a few days. He is feeling in much better health than when he left the city several months ago.

A new feature in the evangelistic meeting at Methodist Church is a quiet meeting conducted by Evangelist Brown. The congregation can send their questions to him in writing.

Over the longest term in the city just now is Mr. Turner, architect to the city, who has been spending his time in the work of preparing plans and specifications in connection with the large extensive building program.

There will be a meeting of the Industrial Association at the A.M.A. office, 269 Jasper ave., Monday afternoon, January 22, at 3 o'clock, to which all ladies interested in industrial work are invited.

Grangeman: Edmonton County Royal Scarlet Guard will meet at the Grange Hall, 1020 101 Street, at 8 p.m., for the election of officers. All companions are requested to present.

W. L. Gibbard, of Nanaimo, Ont., is in the city, and with Morris, Marshall & Co., have opened a branch of American Loan Co., capitalized at \$200,000. Their purpose is to build stores and set up a chain of terms.

Mr. Gibson is the managing director.

The local detachment of the R.N.W.M. are on the lookout for Mr. H. M. Morrison, of London, England. In compliance with the request of his father, who has not heard of his son since he was last seen, it is believed he was at 21 Clara street.

The engineering department has the engineering department moved into offices at the corner of Queen and Jasper avenues. The cost to the city is \$125 a month for rent. The present offices will be remodeled and will be used for the engineering department.

The staff of the education department will transfer its offices from the old school board building next month. This department will occupy the south wing of the new structure under construction in the legislative library. It will go into operation in the fall before any other department is transferred.

It is the intention of N. Menzies to move his law office into the theatre, immediately west of the Windsor Hotel, handsome exterior and interior. The windows will be built, two steps will be taken behind the entrance, there will be general illumination from behind, and the result will be a color effect of a brilliant picture.

Judgment was received yesterday from Frank Prusak against the G.O.C. for \$1000 damages and costs of his right hand. The case is under the Workmen's Compensation Act, and the claimant claims that the sum of \$10 a week during the time he was incapacitated, and \$10 a week from the same company during the period of his convalescence and the freeing of two others each hand, were living rates near \$25.

The same robbers who broke into the residence of Frank Prusak, the city manager, and the second-hand store of S. S. Smith, also stole from the stable a horse and sleigh from the stable of Edgar Edgars, 1899 years after the date of the stable. No information in the name of the city police or the horse harnesses minus the body and the horse harnessed minus the body, the most recent statistics show.

NEW REALTY FIRM.

Another firm who take legitimate interest in real estate in the city will be placed the new realty firm of Hare & Oliver, the senior member of the firm being a man well known in the real old timers, and is well and favorably known in the city, and the junior member being a man from his native town of London, Ont., to the Edmonton district some 21 years ago. The senior member of the firm states that a few years ago he was in a position to invest in considerable city property, but that he did not do so through some large deals in Jasper avenue frontage. His success as a real estate man is based on his knowledge of the topography of the surrounding country qualified him as an authority in his field.

Jas. B. Oliver, from the old plant town of Listowel, Ont., and has been in the real estate business for over three years of which he traveled as representative of the Ontario Penitentiary, and took up residence in the prairie provinces, and while on a business trip to the U.S. he located in the city of Fort Collins, Colo., where he looked so good to him, he severed his connection with the company and remained there until the forming of the new partnership between a young employee of the Oliver - Hare & Forster Co., Jas. B. Oliver has for some time past interested considerable eastern capital in the development of the city, and through some large deals in Jasper avenue frontage. His success as a real estate man is based on his knowledge of the topography of the surrounding country qualified him as an authority in his field.

IMPROVING THEATRES.

With \$100,000 it will be spent with the architect, Mr. C. W. Doherty, on the interior reconstruction and the exterior of the Orpheum Theatre. It is the intention of the management to make the theatre most modern in its design, and to place it among the best on the continent in its equipment.

The interior will be decorated in gold leaf, and the stage curtains will close down after Saturday evening.

The congregation can send their questions to him in writing.

JANUARY MARRAGES.

The following marriages have been performed this week by Rev. Dr. McQueen of First Presbyterian church:

On January 13, Miss Ethel Jeanne, daughter of John and Margaret Hunter, on January 17 Miss

Winnie Duncan, of Vernon, Alta.

THE STORY OF HIS CONVERSION.

Next Sunday afternoon, in McDougal church, at 2 o'clock, John E. Brattin, the policeman evangelist, will tell the story of his conversion.

Many persons have been waiting to hear the account of how John E. Brattin became a Christian.

The story is a deep impression.

The meeting will be open to both men and women.

Last evening, Dr. Brattin concluded the second week of services. He will be here until the end of the month.

The meetings have been well attended, and many have been converted. His appeals are manly, and he never puts a man in a tight place to confess his sins, but lets him do it for himself.

The Christians in their feet and those seated to be marred off as sinners to take of men. His visit will be fruitful of much good.

DISCUSS PUBLIC OWNERSHIP.

At the public meeting to be held in the Auditorium Hall, 1020 101 Street, this evening to discuss public ownership of railways, the resolution recommended by the speakers will be voted on.

A convention will be presented for endorsement.

A meeting of a program committee was held last evening. Arrangements were made for the following speakers: Mr. J. H. Shapley, Mr. J. H. MacLean, Mr. W. D. Hart, Farino and Mr. Cormack of Cormack & MacLean. Steps will be taken during the meeting to secure the support of the labour league and at the evening mass meeting, officers will be elected and a committee appointed.

A. G. Bryden, a representative of the Trades and Labor Council, will speak at the meeting. The meeting will be called for 1:30 p.m. The evening meeting will commence at 8 p.m.

NEW WHOLESALER BLOCK.

The building proposed will include a hardware addition to the western side of the building, and the erection of a six-story warehouse on Third street, on the site at present occupied by the school children.

It will be built of solid brick with full basement and steel construction. Tenement houses will be built on the rear of the site, and the intention is to start work on the foundations as soon as possible.

The architects are Morris & Morris, Credit Building, who have previously completed the plan for a similar structure.

The building will be a store hotel to be built on the corner of Second and Third streets.

The dispatcher's office has been installed in the west hall of the C.S.R. depot free from the rear, and will be available for business.

SAVES DIVISIONAL ENGINEER IN
CHARGE OF C. N. R. CONSTRUC-
TION WORK IN ALBERTA.

February 1st is the date by which the Canadian Northern line in charge of all new work under construction for the C. N. R. in Alberta, the date on which steel on the Athabasca Landing line of the Canadian Banks will reach the port of Edmonton.

Speaking to a Bulletin reporter last evening Mr. Fraser said that it would be impossible to have the line completed by that date in spite of the rumours to the contrary. He said that the Athabasca Landing would be without railway accommodation until the opening of spring, when the iron contractors were experiencing in the muskeg that side of the landing.

When the Steel is Completed into Athabasca Landing

HERE TO INVESTIGATE SHIPPIERS' COMPLAINT

A. Nixon, Chief Train master of Railways, has written to the City to make inquiry into complaint that shippers do not handle packages properly.

After investigating conditions with reference to shipping freight west of the city, he found that the Great Northern and Canadian Northern, A. J. Nixon, chief telegraph officer for the Canadian Northern, had recently departed for his home in Ottawa. He spent one month in the city, but while there he met a number of local shippers. It was his opinion that they were honest here, and they told him of the difficulties experienced in getting cars to point along the lines of railroads. Nixon listened attentively to points of the shippers and made some inquiries, but did not get a definite light on the situation, but did not intend to return to the city again, as he might run into the railway commissioners.

Following his interview with the business men who called to see him, Nixon went to the office of the G. T. V. and C. N. R. and inspected the facilities for handling freight.

The next day Mr. Nixon went to Strong Plain, where he remains a few days, and then returns to Edmonton leaving for the east shortly after.

It is reported that the Grand Trunk officials have been unable to settle the chief troubles complained of by the shippers, especially regarding conditions of the Wabamuck cars. Many amounts of goods have been lost or damaged in these cars, and the Grand Trunk company had no one there to look after the loading. It is stated that the company will agree to pay \$1000 for whatever is lost in the future.

Nixon confessed to murderer

Lethbridge Prisoner Adams Slaying
Fellow Homesteader.

Lethbridge, Jan. 18.—Some excitement prevailed about the city yesterday over the recent trial of a man named Carroll, who occupies the dark cell at the jail, had made a full confession to the killing of a fellow officer of the Salvation Army here. Carroll is under a strong guard and is being held in custody in a court of a fellow homesteader in the Miette district last fall.

According to the story, told to the Salvation Army officers, they visited Carroll in the dark cell last Sunday. They then obtained a chisel and file, and he was able to break out of the cell. Carroll, who was sitting on the hard bench of the cell when they came, was found to be in a state of mortified thoughts, his face showing plainly the signs of the mental strain he had been undergoing.

The officers of the Army pleaded what was best to tell them the whole truth, so as to make it easier to hear if he would confide in them. Completely overcome by the gravity of the crime, Carroll admitted that he had planned the crime, and the officers learned of the crime for which the unfortunate man is being held.

The Salvation Army officers refuse to divulge the secrets told them by the man, but they have been asked to do so, and it is understood that they will do so when he is tried, the District Court having promised to seek a speedy trial. Carroll is due to appear before the court on Friday, with his self-confession seems to have been accepted by him.

Speaking over the phone to Ward Rivers, the officer stated that the man had admitted that he had made a clear case against him. Since Sunday, Carroll appears to have been in a condition of despair, a great load had been lifted and the remainder of his term will be much easier.

Carroll comes up for trial at the next sitting of the Supreme Court in April.

TO KEEP POSTED ON TEST COST OF BEEF

Branch Manager: Given Im-
portant Evidence in Chicago
Packer Trial as to Sounding Out
Weekly Reports on Price.

Chicago, Ill., Jan. 18.—The defense attorney for the packers were mentioned today as having had personal knowledge of the test cost of beef through weekly reports mailed to him by the packers.

Walter A. Wall, branch manager of Morris & Sons & Co., Inc., testified that in 1904 and 1907, he mailed to Edward Morris and L. H. Heyman, then in charge of the packers, the figures on the test cost of beef.

He gave the report to these officials at the Chicago office of Morris & Sons, until January, 1909, when Mr. Morris left the firm. After he was discharged, he instructed him to stop sending the reports to Edward Morris. This was done, but he continued to mail two copies of the test cost of beef figures to Louis Heyman.

This is the first time since the beginning of the trial that the government has directly confronted any of the packers with the so-called mislabeled test cost of beef, which the prosecution contends placed such an impression on the alleged packers' combination.

TRAIN ROBBERS ARRESTED.
Sacramento, Jan. 16.—James Williams, 24, and John Williams, 22, both of Sacramento Police Department and Detective Hyatt, on suspicion that he had committed a mail robbery last year, were arrested yesterday morning at 10 a.m. near Redding, on January 14, near Redding, on January 14, probably will be confronted with the charge of mail robbery and Helrich, who were tied in the car by the bandit, in an effort to identify them.

When arrested, Williams had \$400 in stamps in his person and considered himself lucky to escape. The two men were aware in every way in the description of the man who pointed a revolver at him and his partner and caused him to tie his companions and then calmly rob the car. W. Irvine and John Williams, both with their records, were arrested some minutes later. They are companions of Helrich.
